To Play:
Print, cut and laminate cards. Put the vegetables out on the table. Give the children a list and a basket. Have them put the items that are on the list into the basket. Someone is the farmer at the market and checks to make sure the right items are in the basket. If you want to include money in the game have each child pay one cent per item purchased. If you are doing a Peter Rabbit theme, the child purchasing the items can pretend to be the Mother Rabbit.
